The 20m CTE is a popular machine, featuring the renowned sigma/2-stage-telescopic boom. Enabling maximum outreach from 2m working vertically or horizontally or in any combination is easy with the 20m CTE. Offering almost 20m working height and up to 9.5m up and over outreach with zero tailswing, the 20m CTE is the most versatile platform in its class. The 20m CTE shares the proven 'Z' control system and features: simple proportional controls, basket load sensing, load sensitive outrigger interlocks and zero tailswing.
